## Consul Update

Worthy Brothers,

The Kappa Eta Chapter has been off to a very strong start this year thanks to the hard work of dedicated brothers, who devoted time during their summers to plan events and lay out the rush and social calendars for the semester before we even arrived on campus. Socially, we have significantly enhanced our reputation and have established Sigma Chi as the place to party on Thursday nights. Our sense of brotherhood is also growing ever stronger, especially among the newer members of our organizations who have taken on many crucial leadership positions in the fraternity such as Social Chair (Wilsey AY), Community Service Chair (Wortman AY), and Harvard-Yale Chair (Sweet AY). I ensure you that our fraternity is in good hands, and that the traditions and spirit of Kappa Eta will be preserved for future generations of Sigs at Harvard.

## House Update

Even over the summer months, brothers and the alumni of the House Corps were working diligently to improve our home at 1124 Massachussets Avenue. Thanks to their hard work, we have:

- Installed a dehumidifier in the basement
- Repainted the walls and floor in the basment
- Replastered and painted the first floor
- Purchased a new stove, washing machine, and dryer

In addition to the improvement of our social space, brothers have poured time and effort into rennovating the upstairs bedrooms. Brother Khosravi (ΑΣ) has transformed the “Wage closet” (formerly the ritual closet) into cozy bedroom, complete with a desk, a lofted bed, a sofa, and LSU parafanalial.

Worthy Brothers,

We will soon come upon one of the most important events of the year – The Game. This year, we take up arms against our sworn enemies in Ye Olde New Haven. Though the 10,000 men of Harvard have defeated Eli and his ilk five times in a row on their battle field, we all know that the sixth victory is always the sweetest. So let us unite, Sigs of the Kappa Eta chapter, for a rousing weekend of gluttony, spirits, merriment and combat! More information to come.

## Summer Adventures

Brother Huang (AO) rocks Sigma Chi gear at the Grand Canyon.

Brothers Sundaram (AP) and Toribio (ΑΣ) enjoy some of the local cuisine while abroad in Marseilles, France.

Brother Li (ΑΠ) volunteered at the Special Olympics in Johannesburg, South Africa.

## Partying Hard

Last semester was a great semester for social. Thanks to the basement renovation, we were able to double our social space. This semester, under the adept leadership of Social Chairs Wilsey (AY) and Toribio (ΑΣ), Sigma Chi has become the place to be on Thursday nights.

Last semester's formal at Asgard. Tony Wang (AN) loves the camera. And money.

Another formal pic. Can you spot three glowing Asians?

Brothers Swisher (AY), Chuchul (AY), and Sweet (AY) rock matching ΣΧ tank tops while setting up for a Thirsty Thursday.

# - SENIOR SPOTLIGHTS -

My name is Papa Chakravarthy and I study economics with a particular focus in health care and optimizing fantasy football, but I'm currently in the process of applying to medical school. I joined our fraternity as an Alpha Pi and have loved every minute of it. I'm currently the social brotherhood chair which has been a blast so far and I'm looking forward to having a great last go around. I hopefully will be at medical school somewhere it isn't 50 DEGREES ON SEPTEMBER 16th.

My name is Burke Hall, and I'm a member of the Alpha Pi pledge class. I'm an economics concentrator living in Pforzheimer, and this fall I am honored to be serving the chapter as Magister. I really want to be able to give back as much as possible to the organization that has given me so many great memories over my college career, and I think that this is the best way I can do it. While I am currently unsure of what I will be doing post-graduation, I am recruiting right now and will hopefully be working in finance.

Hi, my name is Patrick Arnold and I'm an Economics concentrator living in Pforzheimer House. As a spring 2009 rush, I've had over two years to enjoy the brotherly love provided by Sigma Chi. I've met most of my closest friends through Sigma Chi, and for that I am extremely thankful. As much as I've enjoyed my time spent at Sigma Chi, I'm excited about turning to the next chapter in my life. Though I'm still going through recruiting now, I'll most likely be working in banking in either New York or Minnesota.
